SANTA FE SAGE INN & SUITES ANNOUNCES THE OPENING OF NEW BAR ‘DERAILED’

SANTA FE, N.M. – (June 19, 2015) Santa Fe Sage Inn & Suites debuts its full-service bar, Derailed at The Sage, in late August 2015.

Derailed features cuisine ranging from American comfort food to stylish fusion cuisine, and will honor local influences including the neighboring farmers market goods.

The recently renovated full-service bar features craft beers, popular varietal wines, local spirits, creative margaritas and specialty cocktails.

Derailed’s interior space provides a warm and appealing industrial railyard motif featuring iron and wood, with a fireplace, outdoor portal and patio—soon to become a local outdoor favorite—with established shade trees, inviting personal firepits and a large stone water feature.

The bar is open daily from 3:00 p.m. to 10:00 p.m., offering everchanging food and drink specials.

The 144-room, locally owned and operated inn features nine new suites and is located within walking distance of the historic plaza and adjacent to the Santa Fe Railyard.

Galleries, shopping, restaurants, a cinema, and the Santa Fe Farmer’s Market are steps away from the Santa Fe Sage Inn & Suites. Hotel amenities include a year-round heated outdoor swimming pool, fitness center, intimate meeting room, and affordable room rates that include the Fast Start breakfast for all hotel guests.
